

Innovative Packaging

PTS- Workshop

Chairmen:	Dr. Markus Kleebauer Dr.-Ing. Reinhard Sangl
Date:	Tu, 06-19-07 till We, 06-20-07
Place:	PTS München, Heßstr. 134
Registration:	PTS München per FAX: +49 (0) 89/ 121 46-36 or e-Mail: PTA@ptspaper.de oder www.ptspaper.de
Code.:	GV 773
Fees:	€ 840,- (€ 420,- for Sustainpack Members)

Target Group:
Persons in charge of research, development and innovation as well as marketing executives of the packaging paper and board sectors, from package producers, contract packagers and traders.

Objectives:
Participants will be given an overview of recent developments in the area of functional packaging, highlighting future trends and focal points of innovation in the area of paper and board packages from the perspective of their technical realization.

PROGRAMME

- Presentation of technical innovations in the field of packaging materials, in particular:
 - Ultra-thin barrier layers
 - Active packaging
 - Enhanced protective functions
- Demonstration of concepts for their application to paper and board materials.
- Demonstration of possibilities for enhancing the functional characteristics of paper and board packages.
- Future role of intelligent functions in packages and possibilities for their realization in the area of paper and board, in particular:
 - Active and passive sensors for packages
 - Application of transponders and their antennas
 - Packages with integrated authenticity protection
